Alvin Bauman Jr. is the first guest to arrive, he is driving a flashy sport car. Buddy is now the owner of the Bauman Truck Line.

Shirley Spielman head of the business department has just won the title "World's Fastest Typist." She is debating with Mr. Anderson the professor of OHS on what hand you use to hit the six on a typewriter. The debate is dismissed as they hear voices in the hall, well look who's here La Rae Chandler with her family, Miss Chandler has been in society since her husband became president of the Nemaha Cp-operative Creamery which has been moved to Oneida for there convenience.

Look at the snappy uniform and guess who it's on Professor Vaden Allen he wore it because he had to be at the gym in 45 minutes. To coach the Oneida University boys to another victory in tiddley-winks. Hey what speed, its Jerry Norton driving one of his own cars. Jerry has a car factory in Oneida. He took Mrs. Johnson at her word and as soon as the golden rule days were over he started the atomic car factory on west main.

The last to arrive is Barbara King but she is in time for the Chili Supper. Barbara professor of eating commonly known in colleges as Home Economics as been teaching in the University here at Oneida but is planning on quitting and taking care of her family soon.

Well the meal is over and you hear Mr. Cruisenberry compliment on the peace and quite they have after the departing of the guest. Mrs. Curtain smiles and says they haven't changed a bit.
